CRAZY FEELING

ONE:
Waking up with the morning sun
And With this feeling I can't fight
Did not get much sleep last night
Cause you where on my mind

TWO:
Getting up my first thought was
How you have spent your lonely night
Did you think or dream of me?
I hope you are alright

THREE:
Only you and only you and only you
Are on my mind
Just can't stop this crazy feeling
Since you are in my life

CHORUS:
There's a crazy feeling
Since you are in my life
There's a crazy feeling
Every day and every night

FOUR:
The world is turning much to slow
And you seem million miles apart
Wish I had a time machine
To fly me to your heart

FIVE:
Only you and only you and only you
Are on my mind
Just can't stop this crazy feeling
Since you are in my life

CHORUS:
There's a crazy feeling...

SIX:
Only you and only you and only you
Are on my mind
Just can't stop this crazy feeling
Since you are in my life

SEVEN:
Only you and only you and only you
Are on my mind
Nothing beats this crazy feeling
you have set alight

CHORUS:
There's a crazy feeling...
