

I, C. U.

one

Since you left
I'm trying to get you off my mind
Since you left
I'm trying to get you off my life
But my fantasy still
Plays this tricks on me, 'cause
All I feel and...
All I see is... you

chorus

I. C. U.
I see you

two

Everywhere I go
And every place I hide
There's a taste of you
In corners of my mind
And still my fantasy
Plays this tricks on me, 'cause
All I feel and...
All I see is... you

chorus

I. C. U.
I see you
I feel you
I feel you

three

Can't you see
I'm helpless all along the line
Without you
I'm losing all my sense for life
Don't leave me this way
Please come back and stay, 'cause
Since the day
You went away I pray

chorus

2. C. U.
To see you
I feel you
I feel you
I. C. U.
