

More than wrong

one Down at the firm I see you working every day
Only in my dreams we're having fun and fly away
When you get in trouble, I will be the one who helps
But when I wake up I just see files and filled bookshelves
Babe if you were my partner, I would care for you
If you really knew me maybe you'd care for me too

chorus Will it ever be
That you belong to me
You have turned my head
And since we met you drive me mad so bad
Will it ever be
That you belong to me
Will we ever be one
You're not my lover and that's more than wrong

two In my nightly dreams you always play the leading role
But when the morning comes I don't know how to reach my goal
In my daily daydreams you are so attached to me
Please tell me how to get it fixed in reality
Babe if you were my girlfriend, I would share with you
If you really knew me maybe you'd share with me too

chorus Will it ever be...

three When we accidentally meet I don't know what to do
The only thing I dare to say is hello, how are you?
I don't know what you think of me and if you know my name
But sometimes I imagine that our dreams are all the same
Babe if you were my lover, I would pray for you
If you really knew me maybe you'd pray for me too

chorus to fade...
