

Murdered Love

Based on William Shakespeare's "Romeo and Juliet"

one: The first lark has spoken
The nightingale
Has flown away
While two hearts are broken
Fearing a sunrise
Uncovering the day

Souls on a flight from
Unbearable sorrow
Awaiting salvation to be free

chorus: A murdered love
Their poison sealed our fate
A murdered love
Defeated by their hate

two: Hold me for a last time
For this holy moment
Before I'll be gone
Forever you'll be mine
For I will be yours
Till the end of all time

Yearning to join you
I'm giving my life to
Face yours in eternity

chorus: A murdered love
Their poison sealed our fate
A murdered love
Defeated by their hate
